BITS PILANI - DUBAI

KATTRAL EDUCATION

Jointly Organises

# 30<sup>th</sup> International Multi-Disciplinary Conference on *Arts, Science, Management, Engineering and Technology*

February-2024 | Venue: BITS PILANI (DUBAI CAMPUS), DUBAI

**BITS PILANI DUBAI CAMPUS**, a premier engineering institute in the UAE and the only international campus of BITS Pilani. Established in 2000, we have established ourselves as a leader in providing high-quality technical education to students in the UAE and the surrounding region. While staying true to the core values of BITS Pilani, we have adapted to the local environment and gained a reputation as one of the region's top educational institutions.

We are proud to have been awarded a 5-star rating by the Knowledge and Human Development Authority (KHDA) in partnership with QS in 2022, recognising our excellence in teaching, research, employability, and internationalisation. BITS Pilani Dubai Campus is a thriving community of students and faculty dedicated to academic excellence and personal growth.

**ANURAGAM** Institute of Advanced Studies an integral offshoot of Kalaignaan Pathipagam, established in the year 1955, with the prime focus on the upliftment of the society by inculcating the knowledge of Indian culture and heritage envisaged in the literary works of expertise in their own field. So far published more than 4000 titles of books organised 29 conferences at International levels and released more than 1000 volumes of conference proceedings comprising research papers of aspiring researchers. They have been conducting the National level students contest for the past 15 years for all the schools and colleges in India.

## ***Conference Theme***

The international conference focusing on the multi-disciplinary areas is the need of the hour to sustain in the intense global competition. Every field requires the expertise to pursue the process with the full knowledge needed to guide and govern the society effectively towards uncompromised development. Here comes the need for grand cosmological visions of the universe to unify and integrate the discoveries of many different disciplines. It is only through the proper framework in the field of pedagogy that would provide the knowledge needed to address these inadequacies in different sectors. It would also eventually lead us to the most profound and practical discovery of all – the infinite creative potentials of the human beings in their specialized area of research.
