About Poznan University of Life Sciences, Poland

The Poznań University of Life Sciences is a leading university of life sciences in Poland. It may boast of rich traditions, as its beginnings date back to the year 1870 and are connected with the activity of an outstanding philosopher, a patron of agricultural science and education, August Cieszkowski. When the University of Poznań was established in 1919 after Poland regained its independence following First World War, the university comprised also the Faculty of Agriculture and Forestry, based partly on the traditions and scientific output of the Higher School of Agriculture in Żabikowo near Poznań. The period of World War II was marked by the tragic loss of many scientists killed then, but also by the continuing process of educating future specialists for agriculture within the framework of the Underground University of Western Poland. In 1951 the Faculty of Agriculture and Forestry separated from the Poznań University and the Higher School of Agriculture was established, which continued both education activities at the university level and conducted research. In 1972 the name was changed to the Agricultural University and from 1996 it was named the August Cieszkowski Agricultural University. On the power of article 3 of the Act of 7 February 2008 it was transformed into the Poznań University of Life Sciences.

In the course of all these years a total of 6 faculties have been established and 23 fields of regular studies have been developed, over 80 thousand graduates of different specialisations have been educated, at present working in numerous locations worldwide, hundreds of doctoral students and post-doctoral students have received their degrees, contacts have been established with numerous scientific centres in Europe and the other continents. At present over 800 academic teachers are involved in teaching and scientific activities, of which 95 are full professors. Together with scientific and technical workers, librarians and the administrative and service staff our University employs over 1400 people.

ANURAGAM Institute of Advanced Studies an integral offshoot of Kalaignaan Pathipagam, established in the year 1955, with the prime focus on the upliftment of the society by inculcating the knowledge of Indian culture and heritage envisaged in the literary works of expertise in their own field. So far published more than 4000 titles of books organised 30 conferences at National and International levels and released more than 1000 volumes of conference proceedings comprising research papers of aspiring researchers. They have been conducting the National level students contest for the past 15 years for all the schools and colleges in India.

Conference Theme

The international conference focusing on the multi-disciplinary areas is the need of the hour to sustain in the intense global competition. Every field requires the expertise to pursue the process with the full knowledge needed to guide and govern the society effectively towards uncompromised development. Here comes the need for grand cosmological vision of the universe to unify and integrate the discoveries of many different disciplines. It is only through the proper framework in the field of pedagogy that would provide the knowledge needed to address these inadequacies in different sectors. It would also eventually lead us to the most profound and practical discovery of all – the infinite creative potentials of the human beings in their specialized area of research.

Call for papers – Sub Themes

Agriculture, Arts, Economics, Culture and Heritage, Science, Knowledge management, HRM, Marketing, Systems and technology management, Energy Management, Corporate Governance, Power and Politics, Management, Psychology, Linguistics, International Business, Business ethics, Economics, Tourism Management, Natural Resources Management, Law, Education, Creativity and Innovation, Public Administration, Healthcare, Environment management, Disaster management, Soil and Waste Management, Power System, Enterprise Risk Management, Corporate Social Responsibility, Political administration Hospitality sector Management, (Research papers in the other relevant areas can also be contributed for the conference).

For whom?

Students, Research Scholars and Academicians. (Presenting Paper in the conference : Since we could accommodate less number of delegates its on first come first serve basis).

Submission Procedure

The abstracts and full research papers should reach us on or before 31st December 2024 through email id: anuragam78@gmail.com in MS Word (.doc) format with 1.5 line spacing and A4 size in Times New Roman font size 12. The graphs and tables should not be the cut and paste.

Registration fee and Mode of Payment

Rs. 2500 (INR) per participant and can be paid by cheque / DD / NEFT to "ANURAGAM CONFERENCE", UCO BANK, T.NAGAR BRANCH, CHENNAI, A/C NO 00410210001240; IFSC UCBA0001969 GPay No - 63796 44889

Address for Communication :

Anuragam

No. 9, Sarangapani Street, T. Nagar, Chennai - 600 017, Tamil Nadu, India.
